

What is Clay'sCars.com?

Clay'sCars.com is a streamlined used car listing aggregator focused exclusively on dealerships in Madison, Indiana.

It provides a centralized, clean, and mobile-optimized platform for users to browse up-to-date car listings from

local sellers—without the clutter or complexity of navigating multiple dealership websites.

Demo and Project Links

Key Features

■ Aggregated Listings

Automatically pulls car data from 7 Madison-based dealerships using custom web scrapers.

■ Simple Filtering

Dropdown-based make and model filtering minimizes user effort.

■ Mobile First

Designed to work flawlessly on both desktop and mobile devices.

■ Clean Interface

No login, no ads, no distractions—just vehicles presented in consistent, card-based layout.

■ Automation

Scrapers refresh listings daily. Minimal manual input is required by users.

System Requirements

- Modern web browser (Chrome, Firefox, Safari, Edge)
- JavaScript enabled
- No installation needed – fully web-based

System Block Diagram

[Include diagram in final PDF showing data flow:

Dealership Sites → Scraper Scripts → JSON API → Front-End UI]

Screen Snapshots

[Include: homepage with dropdown, search result cards, mobile view layout]
